JOB POSTING

Assistant Engineer

There is a vacancy for the position of Assistant Engineer in the Engineering Department. All interested and qualified employees please fill out a City of Oswego Employment Application.

Duties: The Assistant City Engineer performs professional civil engineering work at the direction of and under the supervision of the City Engineer. This position is responsible for assisting with the design, construction, and inspection of engineering projects related to public infrastructure, including streets, bridges, water systems, and stormwater management. The role requires a strong understanding of civil engineering principles, construction practices, and relevant local, state, and federal regulations. This position also involves overseeing project teams, coordinating with other departments, and ensuring that projects are completed on time, within budget, and in compliance with safety standards and engineering best practices.

Serves as the acting City Engineer in the absence of the City Engineer.

MINIMUM QUALIFICATIONS:
Education, specialized background, training and experience.

Graduation from a regionally accredited or New York State registered college or university with a bachelor's degree in civil engineering and four (4) years or its part time equivalent of engineering experience, one (1) year of which shall have been in a supervisory capacity.

SPECIAL REQUIREMENTS: Possession of a current, valid, license to practice as a professional engineer issued by the New York State Department of Education, or the ability to obtain a license within 12 months of appointment.

Starting Salary: $95,157. The City of Oswego offers a competitive benefit package which includes, health insurance, dental, life insurance and NYS retirement.
